Memo

In Sec 12 the President of the Mysore City Mc Comm? requested sanction to the Board's resolution to enforce ~~the~~ ~~by~~ ~~laws~~ ~~passed~~ under Sec 62 7 of the Mc Regulation VII of 1899, the taking out of licenses for the sale of articles liable to octroi, at the rate proposed in the draft bye laws viz Rs 5 for wholesale and Rs 1 for retail business. Whereupon the President was asked to state whether he had caused the draft bye laws to be published in 5 issues of the Gazette, and what the necessity was for his reference seeing that the bye laws, when duly confirmed would themselves

authorize the enforcement of licenses as proposed.

The President stated that the draft bye-laws were sent to the Compiler on the 30th April 1900, and that, although the bye-laws authorized the enforcement of the taking out of licenses, yet the special sanction of Govt ~~was~~ was considered necessary as per Govt order No 4 dated the 4th Oct. 1889.

This order contemplates the taking out of licenses, for the exercise of their respective "arts, professions and trades", and declares that the enforcing the taking out of such licenses ~~as~~ illegal. The Boards' proposal, on the other hand, is to enforce the taking out of licenses for the sale of articles liable to Octroi

The differences are noted behind The change from 'may' to 'shall' seems to have been done in the interests of the importers. It is left to them according to the bye-law to produce the invoices of goods or not.

The omission of the

sentence about duplicate passes, not clear. There is a reference to such passes in bye-law 24, when goods are exported outside the octroi limits. When they are imported into the city, it is provided in the draft bye-law that they shd be covered by a permit. Hence I believe the last clause of the Bangalore bye-law which only relates to the form in which the passes are to be issued, has been omitted.

~~With regard to~~ The omission of 'public' before 'auction' in para 17 seems to be unnecessary.

In sec 21, para 1, the Mysore Cantt Board seem to have advisedly adopted one month in place of six months found in the Bangalore Bye-law.

If approved, the draft bye-laws (the above are) may be confirmed

Municipal Presidents' Office,
Mysore city Dated 13th December 1897.

From,

The President
Mysore city municipality.

To,

The Secretary
to the Government of Mysore
Revenue and General Department.

Sir,

With reference to the remarks made by Government in para 12 of the Administration report of this Municipality for the year 1895-96 in re. tobacco smuggling in the city of Mysore, I have the honor to submit the draft Bye-laws framed by the board and published in the Government Gazette No. 23 of 7th June 1894 page 327 and c

Printed report enclosed

nues under section 225 of the Municipal regulation, along with other Bye-laws.

Provision is made in these Bye-laws that persons dealing in cheroots, tobacco and snuff should take license before opening shops for vending the same. The want of these provisions has led to the indiscreminate opening of tobacco shops wherever they like and to clandestine sale of these articles within the Municipal limits.

With an object of preventing smuggling bonded warehouse was opened in the sayer office and dealers in tobacco were required to keep the same free of rent in the rooms set apart for that purpose and then take it after paying duty for sale. Now, the merchants in the town, taking advantage of this, bring and store large quantity of tobacco in the sayer kotee for years together, taking

occasionally small quantity under the pretext of sending it to out station but on the contrary smuggle it at nights into the city. For want of proper rules it is found difficult to trace out the smugglers and to bring them to justice.

In this town there are 13. shops dealing in tobacco including snuff and cheroots which number itself shews that the trade in tobac is very extentive. Besides it has been accertained that a considerab quantity of snuff is being exported by rail to Bangalore and other places The revenue as exhibited in the accompanying statement instead of showing steady increase has been decreasing year after year.

By the introduction of the above Bye laws smuggling in the town will be stopped to a great extent. Therefore I request tha you will be good enough to give

the sanction of the Government for the introduction of the rules with effect from the 1st February 1897

I have the honor to be
Sir
Your most obedient Servant.

Sir,

We, the members of the Sub-Committee appointed under Resolution III of the Board's proceedings dated 25th November 1899, to consider the draft Bye-laws for regulating the levy and collection of Octroi duties in the Bangalore City with a view to adopt the same in this City also, have the honor to report as follows:-

The Committee met on the 5th and 6th December 1899 and the Members present were:- 1 Mr. H. Nanjunda Rao

2. Mr. M. Venkatakrishniah

3. Mr. M. Ananthrajiah

4 Mr. M. Madappah

The Bye-laws were carefully considered. Except the provisions made for refunds, all the others are in force in this City ever since the introduction of Octroi duty. We further propose that two for free export pass be continued as it is in force now, instead of one as provided para 14-(2) and that the provisions made in para 21 to 29 for refunds be omitted as it is very difficult and inconvenient to the merchants and the Executive to make refunds. There is no necessity for

for introducing the refund system in this City, as without it, the work is going on Smoothly ever since the introduction of the Octroi rules.

The names of the roads through which the duty payable articles, are to be brought to the City for sale, are noted as below:-

Proceedings of the Government of His Highness the Maharaja of Mysore 4th Oct 88,

Read — The following minute by the Dewan

It was brought to my notice last evening that on 9th September 1889, a notice was issued to all Shopkeepers in Mysore under the signature of Mr. Knight, Municipal Vice-President, based apparently upon the provisions of Sections 57, 59, 60, 61 and 62 of the Mysore Municipal Regulations, requiring them to take out licenses for the Exercise of their respective arts, professions and trades. I have no hesitation in holding that this notice was entirely opposed to the Municipal Regulations and quite illegal, as the Government had never sanctioned and never intended to sanction any system of

Licence

License tax under Sections 56 to 62 of the Municipal Regulations, and as without such sanction, no such new tax can ever be imposed under the Regulations Indeed His Highness Government refused to sanction the License tax for the Bangalore City when the Same was introduced into the Civil and Military Station of Bangalore The Municipal Regulations of Mysore City, Bangalore City and the Civil and Military Station of Bangalore being the Same and the introduction of the License tax into the Bangalore City having been distinctly refused by His Highness' Government, the Local Municipal authorities should have known that it was against the policy of His Highness' Government to introduce any system of license taxes in Mysore or elsewhere, in Supercession of the old Mohatarfa and the well-known

rules

rules regulating its collections.

The notice in question did not, it is true, say that the license tax was going to be introduced, but it most unauthorizedly and illegally sought to introduce all the annoying auxiliaries of the License tax system To require the people to go and take out Licenses when no License tax was sanctioned and no alteration of the Existing mohatarfa was intended, was a most reprehensible procedure, as no change in the Existing rules for the collection of the Existing mohatarfa could be introduced without the Express sanction of the Government. Mr Knight's explanation is that he intended the procedure described in the notice to ensure a more regular collection of the Existing mohatarfa. He pleads that the intended procedure had the approval of the President. The President, on the other hand, explains that the matter was.

was brought to his notice, but that he did not accord it his final sanction though he made certain corrections in the draft notice which had been put before him by Mr Knight. Both officers, apparently did not at the time realise that the notice in question would have the effect of changing the entire character of the tax from a Mohatarfa to one of a License tax, and my Conclusion is that they are both equally responsible for attempting to inaugurate an unauthorised change without giving the matter the Consideration it deserved or obtaining the previous sanction of the Government, without which the whole procedure would be illegal.

It is only necessary to add that existing rules regarding mohatarfa rates and their Collection remain unaltered in Mysore, as they do in Bangalore and the rest of the Province.

I regret to find that a Notice so Prima facie illegal and unwarranted as the one in question has given certain evil-minded and designing persons in the Mysore City

City the opportunity to misrepresent the action and intentions of the authorities

This notice was cancelled by me last night and the Deputy Commissioner is now requested at once to give the widest publicity to the substance of the above orders by means of printed — Circulars
